## Quaker Head Proposes Bill

An Antioch industrialist, Walter W. Block, president of Quaker Industries, Inc., proposed the subject of legislation which was just introduced in the U. S. House of Representatives by Congressman Robert McClory.

The bill, H. R. 12194, which would permit corporations to have an additional 5% deduction from gross income for amounts contributed to promote our free enterprise system abroad and to combat Communism, has been referred to the House Ways and Means Committee.

In connection with this legislation, Congressman McClory issued the following statement from his office in Washington, D.C.

"The effectiveness of our nation's fight against Communism depends upon the success of the free enterprise system. The legislation recommended by my friend and constituent, Walter W. Block, Sr., president of Quaker Industries, Inc., of Antioch, would help in this battle by enabling our American businessmen to promote the free enterprise philosophy in other parts of the world.

"I am hopeful that the House Ways and Means Committee will afford an early hearing on this bill and that before long it may become the law of the land. I commend Walter Block for his constructive proposal."

## Rescue Squad Has Busy Month

The Antioch Rescue Squad answered more than 40 calls for aid in July. It appears that August may also be a busy month for the squad, with calls running higher than usual.

On August 6, the Squad took David Mitchell Elliott, 11 months old, to the Antioch Clinic when he suffered a convulsion.

Mrs. L. Stewart, 71, was taken to Victory Memorial Hospital by the squad after an apparent heart attack.

Martha Payson, 68, of Camp Lake, Wis., was taken to Victory Memorial Hospital by the squad on August 6.

William Lubniewski, 52, of Rt. 1, Box 362, Salem, was aided by the squad, then taken to Kenosha Hospital by Kenosha County police after an apparent heart attack.

## Hospital Plans To Be Reviewed By Chicago Firm

Countryside Hospital has selected the firm of Gavin Pitt & Associates, institutional consultants with headquarters in Chicago, to review the hospital's plans and assist in securing the necessary approvals, according to an announcement made by Robert J. Ringa, President of the Countryside Hospital Association.

The hospital will be served by Mr. Gavin A. Pitt who, prior to organization of the firm in 1963, was President of the Presbyterian-St. Luke's Hospital in Chicago. He came to that post after serving as vice president of the Johns Hopkins Hospital and the John Hopkins University in Baltimore, Maryland.

Mr. Pitt holds degrees from Brown University and The Johns Hopkins University and has done extensive writing in professional and management journals.

Mr. Pitt will study the proposed hospital plans as developed by the architectural firm of Scribbins and Klusmeyer toward the end of assuring that the proposed hos-

## State Cop Nabs Four

Corporal Jack Wells of the State Police nabbed four young men Monday afternoon shortly after they had held up a grocery store in Twin Lakes, Wis.

He caught the young men at a telephone booth on Route 173 about 2 miles west of Antioch. They admitted robbing the Sentry Food Mart in Twin Lakes about an hour earlier. They were taken to the Lake County jail, and later turned over to the sheriff of Kenosha County, Wis.

The robbery occurred about 2:40 p.m. Monday. A description of the men's car was broadcast on the police radio. Wells, driving west on Route 173, saw the car heading east on Route 173 at about 3 p.m.

He turned around and followed the car, calling for assistance. When they turned into the gas station, he decided to try to take them single-handed, afraid that they would hold up the station.

He drew his gun and ordered the men from their car. They offered no resistance. The money taken from the store, \$126.00 was found in the car, but no weapons.

The four young men were Ronald Davis, 22; Eugene Stefan, 18, and Timothy Quinn, all of Chicago, and Thomas Joyce, 20, of Mundelein.

pital facilities will adequately serve the townships of Antioch, Avon, Grant and Lake Villa. Following this analysis a presentation will be made to the Hospital Planning Council for Metropolitan Chicago for its approval of the plan.

In commenting upon the long-range plans of the Countryside hospital, Mr. Pitt stated that "An analysis of the location of hospitals in the area served by the Hospital Planning Council for Metropolitan Chicago together with an examination of the present and future population trends in the northwest Lake County area clearly highlights the important need for a hospital to serve this area."

## Otto Hanke Dies At Farm Home

Otto A. Hanke, Sr., a lifelong resident of the Antioch area, passed away at his home on Route 173 near the Fox River at 8:20 a.m. last Sunday, August 9. Mr. Hanke was 90 years old.

He was born on a farm near the one on which he died on Nov. 9, 1873. When his father, August Hanke, died in 1902, he moved to Wilmot, Wis., where he lived until his marriage to Amelia Schulz on March 6, 1907. He then bought the farm on which he spent the rest of his life, operating it until his health prevented in 1958.

Mr. Hanke served in Burton Township and Antioch Township for 35 years as a school district trustee. He was confirmed in April, 1889, at St. John's Lutheran Church at Burlington, Wis., and has held membership in the Peace Evangelical Lutheran Church at Wilmot since that time.

## Lost A Dog?

If you've lost a dachshund recently, Mrs. Emil Steeb of Grub Hill Road may have him.

The dog was brought to her home Sunday morning by some children who thought it belonged to her, as she has a similar dog.

The dog is a male, probably about four years old, according to a vet, well trained and well kept, wearing no collar or other identification. The owner may call Mrs. Steeb at KI 6-1234.

# Famous Black Horse Troop Joins Parade Units On Shrine Day

"The biggest parade Antioch has ever seen"—that's the best way to describe the coming Shrine Day Parade in Antioch.

Shrine Day, August 22, is being sponsored by the Antioch Chamber of Commerce. The Chamber president, Fred Walpole, is also chairman of the Shrine Day events.

Chamber members as well as Shrine committee members, aided by the Jaycees and other Antioch organizations, are doing everything possible to see that provision is made for furnishing food

for the thousands of visitors expected on the big day, and making all possible provisions to avoid confusion.

John Horan is parade marshal for the Antioch section of the parade; Anthony Nokes, Bannockburn is parade marshal of the Shrine section.

The outstanding marching units of the Shrine organizations are famous around the country. One of the most colorful and best known is the famed Black Horse Troop, Medinah Temple's Black Horse troop has been official-

ly named by the city of Chicago as escorts for visiting dignitaries. It has provided honor guards for the President of the U. S., the British royal couple, the King and Queen of Denmark, presidents of various Latin American countries and other foreign dignitaries.

The Troop boasts of one of the last remaining "drum horses" in the world since the mechanization of the cavalry. "Tempo" is a mare trained by Commander Edward F. Felber to carry kettle drums on each side of the saddle on which commands are given to the troop. Thirty horses were tried for this work before Felber found one with the right temperament. The search was started after the troop had appeared in the Tournament of Roses parade some years ago.

The Black Horse troop consists of 25 to 30 men, all of whom provide their own mounts and their keep. Funds are raised annually by a three-day presentation of the troop's "Horsecapades." The members, like those of other Medinah Temple units, are business and professional men who devote at least one or two days each week to drills.

In addition to "Tempo," Commander Felber now has another mount, a Tennessee walking horse named Elko-bar, chosen the best among the more than 500 horses participating in the Imperial Council session of 1963 at Chicago.

Medinah's unit won the International Shrine Horsemen's Association championship in 1957 and 1961, and has always ranked among the leaders in other years.

The Jaycees are sponsoring an evening exhibition at the athletic field at the Antioch High School. Shrine units will demonstrate the intricate maneuvers for which they are famous.

The program for Shrine Day will include the parade, starting at 2 p.m. and probably ending about 4 p.m.; a chicken barbecue at the Antioch Pool, sponsored by the Lions Club; a Hospitality House, with coffee and cookies, at the Scout House, served by the Antioch Woman's Club; food at the Moose Hall, and booths at the High school athletic field where refreshments will be available during the evening performance.

Shrine Day in Antioch is being held in honor of William F. Weisenborn, Potentate of Medinah Temple and a summer resident of Loon Lake.

## Finds Uncle Dead In Car In Garage

The Antioch Rescue Squad was called to a home on Grass Lake Road Monday morning when Mary Schwab found her mother's uncle, Stanley B. Mach, 74, lying dead in a car in the garage.

A garden hose was attached to the tail pipe of the car and run through the car window.

The girl's mother, Mrs. Bernice Schiyab, said her uncle had recently come to live with them. She and her husband, she said, left the home at about 7:30 a.m. Mach was still in bed at that time.

Mary, 15, said she awoke at about 9 a.m. and heard the car running. She went to investigate and found Mach lying in the car. She turned off the motor, opened the garage and called her mother and the Rescue Squad.

## Charge Fox Lake Man With Murder

Union official James Quinn, Fox Lake, has been charged with the murder of his wife, Jean.

Quinn's wife was found dead in their home by friends of the couple Saturday afternoon. Quinn was in an adjoining room, asleep. Tests at the Lake County jail showed he was intoxicated.

Mrs. Quinn's body was bruised. The coroner's pathologist reported that cause of death was a broken neck. Friends reported that the couple had been drinking for several weeks.

## X-Ray Unit In Antioch Monday

## Benefit Dance For Hospital

Firemen hope to raise enough money Saturday night at their dance to fill a substantial amount of their pledge to Countryside Hospital.

The dance starts at 8 p.m. August 15 at the fire house in Antioch. Music will be by King Jaro and his orchestra. The firemen pledged to finance the father's waiting room of the Countryside Hospital quite some time ago. Proceeds of Saturday night's dance will go toward this project.

## Ill. Traffic Deaths Up 14 Per Cent

July traffic deaths in Illinois totaled 198, according to provisional reports compiled by the Illinois Division of Highways and the State Highway Police, Francis S. Lorenz, public works director, has announced. This is an increase of 14 per cent over the 174 deaths in the same month last year.

Late reports and delayed deaths have now increased the May fatality total to 182 and the June fatality total to 170. The death toll for the first seven months, which now stands at 1,157, represents an increase of eight per cent over the 1,069 for the same period last year.

Antioch after the x-ray machine broke down.

Free chest x-rays will be provided to the public from 2-5 p.m. and from 6-8:30 p.m. next Monday. The unit is stationed in front of Williams V & S Hardware Store on Main St.

Mrs. William Brook is Antioch chairman for the unit's visit to the town.

ERNEST WESTLUND presents a watch to Herman Holbak, a gift from his fellow squad members on his retirement from active duty. Mrs. Holbak admires the plaque presented to Herman by Sheriff Charles Larson earlier. Herman was the guest of honor at a

dinner held Tuesday, August 4th, at Joe and Helen's. Attending the affair were many of the original members of the squad and the present active crew.

THE BRISTOL BAND will march in the Shrine Day Parade in Antioch on August 22. A local favorite, the band was started more than 35 years ago. A charter member, "Doc" Louis Kosha, is president of the group.

### Foiling The Coin Collectors

The U. S. Government has figured out—it hopes—a way to end the coin shortage which is plaguing all businesses.

The solution—if it works—is so simple it makes you wonder, "Why didn't I think of that?"

The government proposes—with the aid of a new Federal law—to simply keep on producing 1964 coins until the coin shortage ends. In other words, there will be no 1965 coins, and possibly no 1966 coins unless officials feel sure they have an adequate backlog of coins.

Government officials feel sure that coin collectors have caused the present shortage. With the promise of floods of 1964 coins to come, there will be little point in hoarding them. They will have little chance of ever becoming a rarity.

There is a possibility that some pre-1964 coins will rise in value with this move. But officials feel that the hours required to hunt them out will prevent any large-scale hoarding.

Of course, there is a possibility that with the shortage under control officials might give in to pressure of collectors—or a favored few collectors—and issue a limited number of 1965 coins, which would start the whole rat race over again.

### Courthouse Notebook

BY LOU DURKIN

Reading the recent report of the Lake County Grand Jury which investigated "alleged" tampering with the tally sheets in the April primary election for the Republican nomination for County Coroner one gets the impression the report was written by a member of the Lake County Public Building Commission.

The report states flatly that the tallies were doctored in four Lake County precincts, apparently giving the nomination to Coroner Robert H. Babcock, but the tampering was so flagrant that it was easily detected and the votes in the precincts were given to Orville (Pat) Clavey, the ultimate winner.

The report expressed little concern with the actual tampering and the grand jury was evidently not overly concerned with the violations of tally security measures which made the tampering possible.

The grand jury was strong in its condemnation of the facilities afforded the County Clerk's office for the protection of the ballots and tally sheets.

One could almost read into the report a strong sales pitch for a new courthouse so that a repetition of the tally tampering could not occur.

The report did nothing to clear the air concerning the tampering and in all truth there was little evidence available from which to launch an investigation except for the tallies themselves.

The report did nothing to eliminate the cloud that rests on the election, a cloud that must inevitably be a key issue in the coming campaign.

Strangely enough there has been little concern expressed by Republican leaders and editorial writers in Lake County, although both are quick to cry "Vote fraud" whenever a Republican candidate loses an election in Chicago.

Future cries of vote fraud are going to have a hollow ring because of the shrug of the shoulders attitude adopted toward tally tampering in our own elections.

This is the season when selling advertising in dance and picnic programs or selling tickets for political and association golf outings becomes a major activity in Lake County and, no doubt, elsewhere in the state.

Many of these program and outings are activities of police organizations or political

organizations with a strong police flavor and herein lies the rub.

Too often the police officers who are selling the advertising or the tickets are in uniform while performing these off-duty chores, which actually produces a mild form of blackmail.

It is much harder to turn down an ad or a packet of tickets when the solicitation is made by a salesman in a policeman's uniform than it is to turn down the same salesman in civilian clothes.

Most of the dances or program sales are for the worthy cause of buying equipment for the police which the municipalities cannot afford, but the practice of sending uniformed officers as solicitors frequently leaves a bad taste in the mouth of the merchant and can raise some eyebrows among those who might witness the exchange of cash without knowing why the exchange is being made.

Republican Governor Nominee Charles Percy makes his first major appearance of the campaign in Lake County at the Avon Township Republican Men's Picnic at Lakeview Park, Sunday, August 23 and some GOP leaders in the area are frankly apprehensive about the reception he will receive.

There are indications that Percy will use his influence to make the state GOP platform conform more closely to his views on "extremism" than those expressed by Arizona Sen. Barry Goldwater when he accepted the GOP nomination for President.

This apparent refutation of Goldwater is not calculated to make many friends for Percy in the strong pro-Goldwater areas of western Lake County.

### Your Congressman Reports....

By Cong. Robert McClory

What has happened to S. 2114, a bill to control and provide for periodic reviews of the extravagant Federal grants-in-aid programs? This popular measure, which had 39 sponsors in the Senate, was due to come to the House floor last week. Passage seemed assured with many Republican and Democratic leaders recommending enactment of this bill to promote a more efficient and economical regard for the taxpayers' dollar.

It has long been recognized that Federal grants-in-aid (or matching fund programs) impose unequal burdens on the nation's taxpayers. Some of the more than 60 grants-in-aid programs encourage state and local activities in which the citizens of these areas would prefer not to engage.

At any rate, there has never been a comprehensive review or evaluation of these programs (which have been enacted—or enlarged—singly and without relation each to the other).

Under S. 2114, the Comptroller General (an official who is responsible solely to the Congress) would conduct a study and report on all of the existing Federal grants-in-aid programs with a view toward eliminating areas of conflict and duplication. This bill also provides that five years after the effective date of the Act establishing any new program of this type, the program shall expire.

The Federal expenditures which this legislation aims to control total more than \$10 billion annually. It is not surprising that the National Taxpayers' Federation, the Taxpayers' Federation of Illinois, and many other business and civic organizations favor enactment of this measure.

The bill was scheduled to come before my House Committee on Government Operations at its last meeting. Then, in the face of overwhelming public and private support, the national AFL-CIO Legislative Director wrote a letter opposing committee action of this bill—contending that, of all things, this legislation is "unnecessary." At a moment when this bill seemed certain to pass, this single letter from the AFL-CIO appears to have doomed one of the most useful measures ever to have come before the Congress.

The AFL-CIO advice runs counter to the following:

1. The Kestnbaum Commission's report of 1955
2. A report of the House Committee on Government Operations issued in 1958
3. The June 1961 report of the same committee
4. A report of the Advisory Commission on Intergovernmental Relations.
5. The report of the Senate Committee on Government Operations.

Before taking this favorable action, the Senate Committee heard the testimony of Edward Staples, Executive Director of the Missouri Expenditure Survey, who declared:

"Through grants-in-aid, the national government influences, and to some extent controls, 75 per cent of the total activities of state governments. With control goes power. With power goes centralization—and in too much centralization lies danger to our entire Federal system of government."

It is my view that the citizens of this nation as well as local and state officials and most Members of Congress, are concerned about this trend toward Federal control and centralization of government. Apparently, the AFL-CIO is not.

At any rate, S. 2114 seems to be on the shelf for the duration of the 88th Congress. And the proliferation and expansion of Federal grants-in-aid go merrily on.

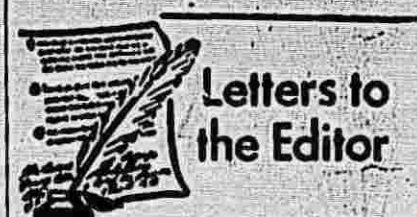

After a man has been married for five years he can understand every word his wife isn't saying.

### ALONG THE WAY with Annie Mae

As the Shrine Parade on August 22 forms a longer and longer line one wonders just how early we will have to "get up" to have a front row seat. Incoming throngs from every direction should give everyone an opportunity to place the welcome mat outside, and make it a day long remembered in the hearts of all our visitors.

### Letters to the Editor

To the Antioch News:  
August 22nd will be one of the biggest days the people of this area has ever seen. My reason for writing this letter is to try to awaken our people to honor our Flag as it passes by. I have attended all parades here since 1956 and nowhere have I ever seen so little respect for our Flag as it passes by. A good starter would be for our police-whom-people-look-up-to salute the Flag—the hand over the heart, for those not in uniform is the correct salute.

I am enclosing a poem. I hope you can find space for it before August 22.

Tips For Lady Drivers

Have you heard about the male driver who unexpectedly found himself at the Golden Gates with St. Peter there to welcome him? Well, he was puzzled by it all and he asked St. Peter for an explanation.

"Don't you remember," said St. Peter, "Your wife said 'Be an angel and let me drive'?"

Now that we are well rid that joke we'd like to make the point that accident records show that lady drivers are safe drivers though

they are perhaps not so quick with technical explanations of what may or may not be ailing their cars. A lady driver who came into our garage recently had just had her fuel pump replaced because a mechanic told her that the fuel smell in her car was coming from the pump which had failed. She would have saved herself the price of a new pump if she had known that the engine could not operate if the pump had failed.

A gasoline smell is always a reason to check your car with a garage but if you don't know cars then know your garage. Most ladies do not know that it is quite safe to shift to a lower gear in automatic transmissions when going down hill. This is known as compression braking and won't harm the car.

A lady driver we know was determined not to worry over the odd noises of her car and turned on the radio only to be startled by a really odd noise: It was a commercial for mufflers.

### Recommend Help For Good Students

A nationwide survey by the University of Pittsburgh revealed that 80,000 to 100,000 students in the upper thirds of the class of 1960 failed to enter college. Financial reasons were at least partially to blame.

Tuition costs have zoomed, and in many cases, family incomes will not support increased costs for higher education.

### Heart Fund Director Receives Grant

Donald L. Erickson, director of the Heart Council of Lake County, has received a \$5,400 federal grant. The money from the United States Public Health Service will permit Erickson to study toward a master's degree in public health education and administration at the University of North Carolina in Chapel Hill.

Donald L. Erickson

Erickson will resign from the Heart Council September 1. The Council is a division of the Chicago Heart Association.

Erickson has been director since July 1961. Erickson earned a bachelor of science degree in health education from the University of Illinois in 1960. He is a member of the Illinois and American Public Health Associations.

He lives at 539 Yeoman Place, Waukegan, with his wife, Jacqueline and three children.

Education. Scholarships, loans, and student employment are available, but often the economic barriers are too great. Elmer D. West, Director of the American Council on Education's Office of Statistical Information and Research, has authorized a study on financial aid to undergraduates. He recommends massive scholarship assistance by the federal government, citing the discriminating nature of much of the current scholarship aid. He proposes "A federal scholarship program designed to identify, in time, those students with great potential to encourage able students to develop their families, by making available small scholarships and providing hope of equal opportunity."

# Singer and Dixon Tapped By GOP

By Lou Durkin

Highland Park Atty. Mortimer Singer surprised the political forecasters Monday night by capturing one of two Republican nominations for Judge of the 19th Judicial Circuit at the GOP Judicial convention at McHenry High School Monday.

The second nomination went to Associate Circuit Judge LaVern Dixon, of Gurnee.

Left out in the political cold were Waukegan Atty. Fred Geiger, of Waukegan, and Associate Judge James Cooney, of McHenry County, who had been considered a certain choice in the four way race, because of the bloc of 44 McHenry county votes were pledged to him.

Judge Dixon was the top vote-getter among the aspirants in the first roll call of delegates after the nominations were closed, piling up 57 votes, 22 short of the convention majority needed to win the nomination.

The 44 man McHenry County delegation held fast for Judge Cooney and observers at the delegation were almost unanimous in their predictions that representatives of the two incumbent judges would get together during the recess and work out an arrangement to swap support.

The McHenry County delegation leaders apparently waited too long to make their overtures, however, and the Lake County delegation caucused, voted to cast a unit vote for Judge Dixon on the second ballot and Judge Cooney was left holding the bag of 44 McHenry votes.

After the nomination of Judge Dixon, who was elected Probate Judge in 1962 and became Associate Judge under the blue ballot judicial reform on Jan. 1, it was apparent that Lake County was going to ignore its junior partner in the 19th district and elect both candidates from Lake County.

Singer, who had polled 39 votes on the opening ballot compared to 17 for Geiger, reportedly outmaneuvered the opposition in the caucus that followed Judge Dixon's nomination and emerged with

the Lake County votes necessary to sew up the second position on the Nov. 3 ballot.

The possibility of a coalition ticket with Circuit Judge Philip W. Yager, of Lake Bluff, a Democrat, being nominated by the Republicans, was squelched with the adoption of rules limiting nominations to bona fide Republicans.

Judge Yager, who was appointed to the bench by Gov. Otto Kerner after Judge Bernard M. Decker was elevated to the Federal bench by the late President John F. Kennedy, was nominated by the Democratic Party Sunday.

Because of his appointment status Judge Yager has to seek election to the full term.

A second opening on the judicial ballot developed when Appellate Judge Thomas J. Morran withdrew his intent to seek re-election to the Circuit bench after being nominated on the Republican

ticket for the Appellate Court bench. Judge William M. Carroll, of Woodstock, long-time Republican officeholder, who is serving on the Appellate Bench by appointment, will run for re-election as Circuit Judge on his record and without opposition, but he will also be running for election to the Appellate bench on the Democratic ticket.

Running-mates of Judge Moran on the GOP Appellate slate will be Judge Mel Abramson, of DuPage, now serving on the appeals bench, and former Supreme Court Justice Charles Davis, of Rockford.

The Appellate and Circuit judges will appear on the regular ballot while Judge Carroll will also appear on a separate "retention" ballot along with Associate Judge

### Guys & Dolls Is Sell-Out

"Guys and Dolls," the PM & L's latest Thespian effort, played to a packed house last Saturday night, the last performance of the play.

In fact, they've had a full house for every performance except the first one. No tickets were available at the box office—Saturday night. About 30 persons had to be turned away. Standing room only tickets were sold to about 40 people after the play started.

The performances of Dee D'Isa and Dr. Al Buear, as the comedy leads drew repeated applause from the appreciative audience. Eye-pleasing Florence Babusek and Wes Camp, the romantic leads, both in their first leads with the PM&L group, obviously pleased the audience.

Ken Smouse, in the role of Nicely-Nicely Johnson, probably received the biggest hand of the night after his rendition of "Sit Down, You're Rockin' the Boat." His interpretation of Nicely-Nicely was a delight from beginning to end.

The PM&L plan to present their next play some time in

## Fast Action At Speedway Warms Up Chilled Fans

SATURDAY NIGHT race fans faced the very cold weather to see another jam packed program at the New Waukegan Speedway.

Frank the Wrecker-Decker and Dirty Dexter kept the crowd warm by offering plenty of excitement in all three figure-8 races. Once again both villains were defeated as Ed Smith and Bob Klemm walked home with the trophies.

Roll overs and several pile ups left the track littered with iron. However, there were no injuries and figure-8 racing continues to grow in popularity.

In late model events Jim Luther led off the drivers in a fine win over dash cars. Ray Dixon of Gurnee took the first heat; Bill Robis of Antioch took the second; and the third heat went to Jim Cossman as Jim continues on the winning trail.

In the Sportsman Feature Jim came right back to display why he currently leads all drivers in point standings. Jim avoided traffic beautifully for a flashy win over 16 other cars.

### BOHN TAKES SEMI-FEATURE

Race fans showed up dressed for winter at the Waukegan oval and generated a lot of heat when Bill Bohn, Kenosha, flashed over the finish line two inches in front of hard-charging Kenny Talugan's Twenty Bird.

It was a perfect start and for 3 laps not one car changed position. At the 10th lap Darve Nissen received the black flag and 4 laps later the black flag dropped on John Reimer as he lost an engine mount.

Kenny Talugan had been moving steadily through the pack and took over 2nd position on the 19th lap. With three laps to go Bill Bohn lost his foot pedal and Talugan came on fast. With 1/2 lap to go Talugan made a real charge, however, Bohn was able to hold a 2 inch lead in a spectacular finish. Race fans brought down the stands for both drivers' excellent showing. However, for Bill Bohn, it was a very impressive win indeed.

Semi-feature was won by Fran Ansil as Fran dominated the Semi cars for the second week in a row. Heat race winners were Claude Potter in the first; Ron Larson in the second; Johnny Reimer in the third; and Bill Bohn in the fourth.

In the time trials both Geno Wagner and Ken Talugan stopped the clock at 16:05 for a tie. The fast time honors were awarded to Talugan in his Twenty Bird for hitting the wire first.

Sportsman drivers continue to improve their performance as Jack Ester took the first heat and Jim Cossman the second.

In the sportsman feature race Ray Dixon of Gurnee

## Pro's Compete For Top Money At Bertrands

By Lou Durkin

Bowling moves into Lake County sports spotlight today (Thursday) with the opening of the \$27,000 Professional Bowlers Association Tournament at Bertrand's Lanes in Waukegan.

Billy Hardwick, of San Mateo, Calif., leading money winner on the PBA tournament circuit with \$21,410 in prize money this year, will head a field of contenders that includes such bowling standouts as Don Carter, Billy Welt, Dick Hoover, Ed Lubanski, Dick Weber, Buzz Fazio, and Carmen Salvino in the four-day pin extravaganza.

State Senator Robert Coulson and Waukegan Mayor Robert Sabonjian will be among a host of celebrities taking part in the special ceremonies at 9 p.m. today. The opening ceremonies will be part of the Pro-Amateur event in which qualified handicap bowlers of this area will team up with PBA members in doubles competition.

The pros take over the 40 lanes at Bertrand's on Friday and will roll 16 lines each

on Friday, Saturday, and Sunday in quest of the \$3,000 top prize money which will go to the bowler with the highest total score for the three days.

Special bleacher seats accommodating 1,200 spectators have been erected at Bertrand's and special scoreboard projectors have been installed to keep the spectators informed on the scores on each lane.

The Waukegan tournament is one of the stops on a PBA tour that has grown to a national circuit of more than 40 stops and more than \$400,000 in prize money since its humble beginnings in 1959 when there were only three tournaments.

### Cross-Country Practice To Start

Cross-country practice at Antioch Community High School will begin August 26 at 7:30 a.m. Equipment for the Sophomore and Varsity squads will be given out on Tuesday, August 25, from 8:30 a.m. till 11:30 a.m.

Anyone interested in cross-country who has not received a Physical examination card should report to the high school on Tuesday, August 25, 8:30 a.m. till 11:30 a.m.

Practice for freshmen will start September 4. Adrian Mueller is the new cross-country coach at the school.

An ounce of "keep your mouth shut" beats a ton of explanation.

## Tolugan Makes Winning A Habit

Kenny Tolugan of Milwaukee, veteran speed driver at the Kenosha County Speedway Modified Stock Car Races in Wilmet, won his second feature race in as many weeks as he came from far behind and overtook Frank Seamans of Milwaukee with only four laps to go. The feature race had to be restarted twice after a second go on the start when Duane Harris of McHenry spun out and hit the infield fence just before the finish line at the end of lap one.

The close battle between Jim Sullivan of Antioch, and Roger Otto of Burlington, Wis., for point lead from the deadlock tie at the end of races last week, soon broke on time trials Saturday night as Jim Sullivan twice waved off fast time, and then spun on his third effort.

Rodger Otto, who had set fast time and then lost it to Jim Lawrence, wound up second fastest and went ahead by three points. Sullivan, who qualified for and won the first heat race, picked up enough points to again tie Otto, but Otto came back and took a second in his heat that put him ahead to stay for the night. Sullivan was in a good position to stay close with a win in the semi-feature but spun out.

Otto was sixth in the feature. Heat race winners were Jim Sullivan; Bay Darnell; George Uttech, and Bill Bohn. Darnell also won the wild scramble in the 15 lap semi-feature race as many cars took the collision course and did not finish. So many of them in fact, that in spite of a complete spin around by Darnell in the semi feature start, that he was still able to recover and be the winner.

In the spectator cars where the battle for point lead is equally tight, a new driver making his first appearance at the track won the first

heat after Gill Rein of Woodstock flipped. Allen Gutchee of Kenosha won the second heat race and Rodger Haggie of Antioch won the feature race.

For their third and last Sunday of match races at the Great Lakes Dragway, the two California dragsters that are featured in the movie "Bikini Beach" will face its stiffest competition. The "Stellings and Hampshire Special" of Laguna Beach, Calif., will take on the 1964 National Champion, "Fugitive," owned and driven by Chuck Hepler of Chicago.

On August 2, Hampshire made two runs of over 200 mph. Last Sunday he raced the nation's number 5 ranked car, the Guzler, driven by Jerry Caudle of Chicago. This Sunday he faces a car and driver that has suffered but one defeat since winning the national title this last Memorial Day.

Hepler, like Hampshire, has exceeded the 200 mph mark the last two times that it has raced, so it is figured that it will take a speed that is better than this to win Sunday.

The other of the West Coast entry, Jerry Baltes with his "Commander" will race Jerry Caudle and his mighty "Guzler" from Chicago.

In the third match race this Sunday, it will be an Illinois versus Wisconsin affair with Clarence Hay of Rockford with his "Nitroholc" taking on Dick Burton of Milwaukee and his Oldsmobile powered "Big John", all of the other five cars in the match races are powered by supercharged Chrysler full race engines.

Time trials start at 9 a.m.

### Lake Villa Teams Play Final Games

By Mrs. Bernice Bernau

In the final week of play in Lake Villa Township Little League competition, the Giants moved into first place by a half game, defeating the league leading Cubs 3 to 2. The game was a thriller right to the finish, but the pitching and hitting of Alan Stelter proved to be too much for the Cubs. The Giant hurler pitched a two hit game and doubled with the bags loaded to drive in two of the Giants' three runs.

To become undisputed league champs, the Giants must get by the Pirates Wednesday night. This game is a make-up game as a result of a rain-out game earlier in the season.

In another outstanding game, the Angels defeated the Sox 1 to 0. Pletz was the winning pitcher for the Angels, allowing only three hits.

On Sunday the Little League All Stars participated in a tournament game at Thillen Stadium in Chicago, against Wooddale. Much to the delight and expectation of the local fans, the boys came home victorious, by a 3 to 0 score. Al Stelter pitched a superb game, allowing only two hits, striking out nine and walking one, in the five-inning game. Alert base running by Steve Schmeisser accounted for two of Lake Villa's three runs.

On Sunday, August 9, at 2:30 p.m. the boys go back for their second game. Their opponents in this game will be Belvidere. It is hoped there will be a good turn out of Lake Villa fans to cheer the boys on at this game.

### Giants Are Champs Of Lake Villa

By Mrs. Bernice Bernau

On Wednesday, August 5, the final Lake Villa Township Little League game of the season was played, and the Lake Villa Lumber and Coal Co. Giants became the champions for the season by defeating the Pirates 3 to 1. The underdog Pirates played a fine game and made it necessary for Al Stelter to turn in another good pitching performance.

The Giants, in winning the title, rolled up a record of 13 wins and 1 loss, to finish one game in front of the Cubs, who won 12 and lost 2.

There were many close, low scoring games played this season, and the managers and coaches and all the boys are to be congratulated for their fine performance. Final standings of the Little League teams follow:

Team	Won	Lost
Giants	13	1
Cubs	12	2

## Class Of '34 Has Reunion

Forty-three members of the Class of 1934 of Antioch Community High School met at Lorenz's Smart Country House on Saturday, August 8, for their 30th reunion.

Some of the former teachers of the class, unable to attend the reunion, sent letters which were read to the group. These included Hans Von Holwedt, Mrs. Ruby Irwin, and Mrs. Helen Herman.

Miss Alice Smith was unable to attend. Miss Roberts, class sponsor, joined the group. Dr. Reed, now living in Oshkosh, Wis., was present and was presented with a "little black book" of girls' addresses, actually his former students.

Master of ceremonies Harold Fennema of Kenosha gave Ray Hussey a good-luck trol to guide him back to his home in Deland, Florida. Mr. and Mrs. Russ Hunter came from Bethesda, Maryland. Sally McNamara was a little slow in coming from Milwaukee, so she was presented with a turtle.

Paul and Helen Zeien received a king-sized knife and fork because they were the next couple to have a silver wedding anniversary.

Another mid-August party will be planned for 1969 by the same committee.

## State Shows Rise In Employment

State Director of Labor  
John E. Cullerton has report-  
ed a decrease in the number  
of individuals claiming bene-  
fits under the Illinois unem-  
ployment compensation pro-  
gram during the week ended  
August 1, 1964. The Director  
said the decrease was due to  
the number of workers who  
returned to work following  
the reopening of plants which  
had been shut down tempo-  
rarily for inventory taking  
and vacation.  
Claims for Illinois unem-  
ployment compensation were  
filed by 64,228 persons

throughout the State in the  
week ended August 1. There  
were 33 percent fewer than  
in the preceding week (68,  
445) and 18 per cent fewer  
than in the corresponding  
week in 1963 (78,602). In-  
cluded in the State-wide total  
were 9,088 individuals who  
filed their first claims follow-
